Tip of the Month:
Halloween is coming to your local neighborhood!

With the foot traffic of the ghosts and ghouls, prevent any misfortunate accidents by tethering or kenneling your dog and cats.

Keep the chocolate candy stored away from your pets, as it could be harmful to their health.

Totals :	134	67	112

MONTHLY FACT

All Mosquitoes are not alike

Jurassic Park taught us that mosquitoes have been around for 100 million years. In that time they have diversified into 3,000 species that are very different from one another. Instincts pre-program their life's behavior, and these programs are constantly refined by evolution. They have successfully adapted to climates from the arctic to the equator and developed means of locating indigenous blood hosts in each locale: some mosquitoes prefer frogs, others mammals, still others birds. No product, including mosquito traps, foggers, pesticides, Citronella candle, smoking coils or DEET, works equally well on every species of mosquito.

Recycling Stats

September 2011

Get ready for Recycle Land! On **November 19, 2011**, Keep South Padre Island Beautiful will promote recycling, reduction of solid waste, promotion of reusing resources, and collection of recyclable goods.

Bring your recyclables as well as your family, friends and neighbors for a Saturday morning of fun in the sun.

Located at the Island Baptist Church parking lot, 3601 Padre Boulevard

From 9:00 a.m. to 12:00 p.m.
