## Tip of the Month:

Spring brings vehicle maintenance for many people. Let's be careful of how we dispose of and store the fluids that are used in our vehicles.

**OIL** – Be sure to store your oil in sealed containers. Dispose of oil at approved sites such as Walmart, O'reilly's Auto Parts, and Auto Zone.

**RADIATOR FLUID** – Radiator fluid is like a magnet to cats and dogs. It will make them sick and possibly cause death. Contact auto parts stores and auto repair shops for proper recycling or disposal.

If your pet should come in to contact with either of these liquids, contact your veterinarian immediately.

### Mosquito Fast Facts

**Mosquitoes are the deadliest animals on Earth.**

That's right, more deaths are associated with mosquitoes than any other animal on the planet. Mosquitoes may carry any number of deadly diseases, including malaria, dengue fever, yellow fever, and encephalitis. Mosquitoes also carry heartworm, which can be lethal to your dog.

# Recycling Stats

## March 2012

### Green Spring Cleaning Tips!!!

#### Switch from paper to cloth

Reduce your household paper waste consumption by using cloth dish rags or pieces of old clothing to wipe counters and other surfaces. Instead of using wads of paper towels, you can use the rags to clean what you need to. Then the rags can be washed and reused over again. Click on the picture to access a cool blog post on how to make cleaning rags from old clothes.

#### Sweep in sustainable style

Spring brings pollen, buds, loose dirt and other wonders from nature that get tracked into your home and on your porch or deck. Instead of using a vacuum and consuming energy, grab a green broom that will sweep away the mess! Try a Dinuba Broom, which is made with 100% recycled plastic bristles and sustainable wood.

#### V is for vendetta and vinegar

Vinegar wages a personal vendetta against germs in your house this spring! This acidic liquid can be added to baking soda to make a natural drain cleaner, and it can be added with salt to make a pasty chrome sink cleaner.

# Represents Pounds Recycled of each product	March 2012	February 2012
