CITY OF SOUTH PADRE ISLAND CITY COUNCIL MEETING AGENDA REQUEST FORM

MEETING DATE: July 6, 2016 NAME & TITLE: Armando Gutierrez Jr., P.E. Public Works Director Public Works DEPARTMENT: **ITEM** Approve a Change Order in the amount of \$30,000 through the Laguna Madre Water District for the replacement of ten (10) fire hydrants on Gulf Boulevard associated with the Gulf Boulevard Phase 4 project. ITEM BACKGROUND As part of the Gulf Blvd Phase 4 proposed street improvements, LMWD relocated a water line that was in conflict with the proposed street and sidewalk work. LMWD is the owner of the waterline and they relocated the waterline at their expense. However the City of SPI owns all the fire hydrants attached to the waterline. The Fire Hydrants need to be reconnected to the new waterline. The city recently approved the relocation of 10 existing fire hydrants and connection of 15 new fire hydrants. However once excavation commenced the 10 existing fire hydrants turned out to be insertion type connections that cannot be reused due to obsoleteness and corrosion. The cost of replacement with new fire hydrants is \$4000 per fire hydrant less \$1000 connection fee which was previously approved. **BUDGET/FINANCIAL SUMMARY** Proceeds from the 2015 Tax Anticipation Note (TAN) are allocated for these expenses. The total issuance of the 2015 TAN was for \$3 Million. COMPREHENSIVE PLAN GOAL LEGAL REVIEW NO: _____ Sent to Legal: YES: _____ Approved by Legal: YES: NO: RECOMMENDATIONS/COMMENTS

Re:

Additional Fire Hydrant Reimbursement Gulf Blvd Waterline Rehabilitation Project South Padre Island, TX

Mr. Gutierrez, P.E.,

Pursuant to a discussion held at a Gulf Blvd Waterline Rehabilitation Project Coordination Meeting on June 15, 2016, please find enclosed the revised invoice in the amount of \$30,000.00 for additional fire hydrant replacement reimbursement. Due to the condition and antiquated "pushon" style of the existing hydrants, it is currently recommended that all existing fire hydrants be replaced with current, mechanically-anchored fire hydrants. For reference, also attached is the original Bid Tabulation, original reimbursement letter from February 26, 2015 and below is a fire hydrant summary reflecting the new requested reimbursement amount.

Gulf Blvd Waterline Rehabil	itation Projec	t - Fire Hy	drant Improven	nents
Description	QTY	Unit	Unit Price	Total Price
Fire Hydrant Assembly	10	EA	\$4,000.00	\$40,000.00
Exist. Fire Hydrant Reconnection	10	EA	\$1,000.00	-\$10,000.00
Total	Price			\$30,000.00

We sincerely thank you for your assistance with this matter. If you have any questions please feel free to call me at (956) 335-6655.

Sincerely,

MEMORANDUM OF UNDERSTANDING

THIS MEMORANDUM OF UNDERSTANDING (MOU) is made and entered into this 1st day of October, 2016, by and between the City of South Padre Island, (hereinafter "CITY"), and Friends of Animal Rescue, (hereinafter "FRIENDS"), a nonprofit organization, to provide funding for FRIENDS to appropriately and humanely handle the City's animal care service needs.

THE PARTIES AGREE AS FOLLOWS:

I. Scope of Services.

- FRIENDS will provide a representative during normal working hours and "on call" service to receive animals from CITY. The term "animal" is defined as any living or deceased, vertebrate creature, domestic or wild, other than Homo sapiens.
- FRIENDS shall make their facility available 24 hours per day, 7 days a week and 365 days
 per year to staff and citizens to drop off animals. FRIENDS shall make available an
 employee's after-hours contact phone number for after-hours animal placement, and
 concerns by CITY staff and residents.
- 3. FRIENDS will provide a temporary holding facility for CITY to place wild animals. CITY staff will transport wild animals to an approved permanent location.
- 4. FRIENDS will provide proper holding and disposal of deceased animals.
- 5. FRIENDS will use Social Media (i.e. Facebook), lost and found posters, and area businesses to reunite lost animals with their owner. This provision does not exempt the participating business from compliance with local ordinances and state laws.
- 6. FRIENDS will make every attempt to place adoptable animals in adoption homes. Animals that are not adoptable due to illness, disease, bite history or other factors may be humanely euthanized in accordance with the Texas State Health and Safety Code Chapter 821 Subchapter C, and Texas Administrative Code Chapter 169, Subchapter D.
- 7. Each canine and feline taken to the facility pursuant to this agreement shall be vaccinated against rabies, tested and treated for heartworms, and each animal shall be spayed or neutered prior to adoption. FRIENDS shall provide veterinary care for all animals, as needed.
- 8. FRIENDS shall be responsible for the Pet Licensing Program, including but not limited to pet's name, species, breed, sex, color, weight, age, spayed or neutered, rabies vaccination date and expiration date, microchip number (if applicable), etc.
- FRIENDS shall also accept animals in accordance with this agreement for quarantine purposes from CITY and shall hold them in accordance with all applicable laws and guidelines of the Texas Health and Safety Code Chapter 826 Subchapter F and the Texas

MOU Page 1

- Administrative Code Chapter 169 Subchapter A. CITY acknowledges the rights of FRIENDS to charge an additional fee to the owners of animals placed in quarantine at a reasonable and customary rate.
- 10. If the quarantine facility reaches capacity, CITY shall locate an alternate state-approved quarantine facility that complies with all applicable laws and guidelines of the Texas Health and Safety Code Chapter 826 Subchapter F and the Texas Administrative Code Chapter 169 Subchapter A.
- 11. FRIENDS shall manage the facility in accordance with all applicable provisions of Sections 821, 822, 823, 825, 826, and 828 of the Texas Health and Safety Code and any other accepted guidelines applicable to proper shelter management.
- 12. FRIENDS and CITY staff shall each keep and make available to each other, accurate records of all animals placed at the facility for CITY, including but not limited to, species, breed, gender, color/markings, approximate age, condition, whether the animal is suspected or known to have attacked or bitten any person or other animal, whether the animal is suspected of having any illness or disease, and whether the animal is known to have been spayed or neutered previously.
- 13. In the event of any impending natural disaster and mandatory evacuation order, FRIENDS shall relocate all animals to and from a site approved by CITY, where the animals will be provided adequate food, water, shelter and care.
- 14. Staff of FRIENDS shall attend training approved by Texas Department of State Health Services, which shall consist of animal handling, animal identification, bite prevention and animal health, and shall attend, annually, trainings or courses approved by Texas Department of State Health Services, as necessary.
- 15. Animals in possession of FRIENDS may not confine healthy animals with sick, injured, or diseased animals. Animals are assumed to be sick, injured or diseased until they have been examined and confirmed to be free of any illness, injury or disease by a veterinarian who is licensed in the State of Texas.
- 16. Animals from the City of South Padre Island will be accepted by FRIENDS when received by CITY staff and/or citizens.
- II. Term of Agreement. The term of this MOU shall be for one (1) year, commencing October 1, 2016 and ending September 30, 2017.
- III. Performance. FRIENDS shall submit monthly reports to CITY providing information concerning their services, including but not limited to, the number of animals received from CITY and the numbers of those animals adopted, reunited with their owners, euthanized, spayed/neutered, vaccinated, and heartworm tested, heartworm treatment, etc.

V. Miscellaneous.

- The parties agree that in the event any provision of this Agreement is held by a court of
 competent jurisdiction to be in contradiction of any laws of the State or the United States, the
 parties will immediately rectify the offending portions of this Agreement. The remainder of
 the Agreement shall be in full force and effect.
- 2. This Agreement constitutes the entire agreement between the parties hereto, and supersedes all other prior or contemporaneous oral and written negotiations, agreements and understandings of every kind. This committee, by law, must be comprised of representatives meeting certain criteria. Though staff has made recommendations, all committee appointments are at the Council's discretion. In addition, this is the minimum for committee membership. There is no maximum stated in the state law, so other appointments may be made if the Council desires.

Staff recommends replacing Dr. Missy Bruce with Dr. Sara Stephens.

CITY OF SOUTH PADRE ISLAND CITY COUNCIL MEETING AGENDA REQUEST FORM

MEETING DATE: July 06, 2016

NAME & TITLE: Sungman Kim, Director

DEPARTMENT: Development Services

ITEM	

Discussion and action on appeal to the decision made by the Development Standards Review Task Force, which denied the usage of exterior metal siding to the building (canopy structure) located on 1314 Padre Boulevard.

ITEM BACKGROUND

The applicant, Mr. Yehuda Azoulay, proposes aluminum siding (4 X 8 sheets with 3" stainless steel screws) for the canopy immediately before the façade of the building. The canopy covers rental vehicle displayed in front of the building:

After getting a building permit, the applicant went ahead and modified the permitted plan by wrapping the truss with aluminum metal sheets. Upon failure of the final building inspection, the applicant applied for a variance and, meantime, completed the structure as intended, but not as permitted.

The Development Standards Review Taskforce, at their June 15th meeting, denied the usage of exterior metal siding to the building, per Sec.4-27(W) - which was adopted by Ord. No. 04-06 on April 07, 2004 - prohibiting metal sidings. In general, any buildings with metal siding, received a building permit prior to April 07, 2004, would be categorized into non-conforming.

Subsequently, the applicant appealed the DSRTF's decision to the City Council, requesting fairness between his building and existing gas stations. When we comparing the applicant's building with "Auto-related Sales and Service", Table 5.2 (Use Criteria: Location & Design Criteria) of the Padre Boulevard and Entertainment District Code, which was revised and adopted on August 19, 2015 by Ordinance No. 15-12, would be applicable.

A couple of design criteria in Ord. No. 15-12 that are applicable to this case would be:

Accessory structures, including canopies, kiosks, and car wash buildings, shall conform to or compliment the project architectural theme. This includes similar roof styles, column types, materials, textures, and colors.

Building colors should emphasize earth tones. The use of highly reflective or glossy materials should be limited and will not be appropriate in all contexts.

No outdoor storage of vehicles or other products sold shall be permitted. All auto-related sales display shall be inside storefronts.

Any auto-related sale and service buildings, with metal sidings, built prior to August 19, 2015 within the form-based code area, would be nonconforming.

BUDGET/FINANCIAL SUMMARY

This does not require any commitments.

COMPREHENSIVE PLAN GOAL

Please see Chapter I. Land Use:

Policy 1.6.1: The City should make sure that new and retrofitted buildings are harmonious in design.

DISCUSSION:

The applicant, Mr. Yehuda Azoulay, proposes aluminum siding (4 X 8 sheets with 3" stainless steel screws) application to the canopy immediately before the façade of the building. The application changed the shape, size and look that potentially impacts the weight, windload and aesthetics. The canopy covers rental vehicles displayed in front of the building.

The Legal Base

Sec.4-27(W) of Chapter 4 Building and Construction (Ord. No. 04-06; adopted on April 07, 2004):

No structure may use metal, corrugated siding, or use materials that have the appearance of metal or corrugated siding, for the exterior finish of any structure* without the express approval of the Development Plan Review Board* or the City Council (Corrugated defined as: shaped sheet metal or other material into straight, parallel, regular, and equally curved ridges and hollows). The only exceptions to this requirement are the following:

- (1) Metal roofs.
- (2) Garage doors,
- (3) Accessory storage structures less than one hundred (100) square feet in area or with dimensions less than then ten (10) ft. by ten (10) ft., whichever is more restrictive, and
- (4) Vinyl siding made to look like wood.
 - * Exterior Finish: (Arch.) a term for the minor parts required to complete the exterior of a wooden building; the outer skin of the building, minus the windows and doors.
 - * EXTERIOR INSULATION AND FINISH SYSTEMS (EIFS). EIFS are nonstructural, nonload-bearing, exterior wall cladding systems that consist of an insulation board attached either adhesively or mechanically, or both, to the substrate; an integrally reinforced base coat and a textured protective finish coat. (International Building Code's Definition).

<u>Table 5.2 of the Padre Boulevard and Entertainment District Code</u> (Ord. No. 15-12; adopted on August 19, 2015):

For Auto-related Sales and Service -

Accessory structures, including canopies, kiosks, and car wash buildings, shall conform to or compliment the project architectural theme. This includes similar roof styles, column types, materials, textures, and colors.

Building colors should emphasize earth tones. The use of highly reflective or glossy materials should be limited and will not be appropriate in all contexts.

No outdoor storage of vehicles or other products sold shall be permitted. All auto-related sales display shall be inside storefronts.

Analysis

The applicant provided pictures of buildings that potentially have metal sidings. According to staff's study, all buildings were built or got a building permit prior to April 07, 2004 and therefore can be categorized into 'non-conforming'. Please see below:

- ** The pictures of yellow-highlighted have been provided by the applicant;
- *** 410 Plaza added new metal shed-roofs this year, and metal roofs are allowed; Metal poles with designed loads are not exterior finish material.

"Since the adoption of Ord. No. 04-06, there was no case that metal sidings were allowed."

The applicant has also been claiming that his property shall be comparable with 'Auto-related Sales and Services' businesses to be fair. If it is the case, according to Table 5.2 of the FBC, the applicant also needs to meet the followings:

- The canopy shall conform to the project architectural style:
- The use of highly reflective or glossy materials shall not be used for exterior finish; and
- All auto-related sales display shall be inside storefronts.

Hardship

In order to obtain a variance, the applicant must show all of the following:

- The hardship results from conditions that are peculiar to the property;
- The hardship is not a self-created hardship; and
- Unnecessary hardship would result from the strict application of the ordinance.

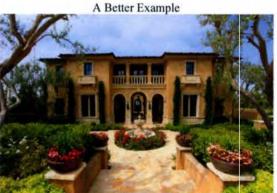

Additionally, the applicant must show that the variance will

- Be consistent with the intent of the ordinance;
- · Secure public safety; and
- · Achieve substantial justice.
- → This is a case with a self-created (self-inflicted) hardship and the property has no peculiar conditions that would create a hardship.
- → At the same time, the strict application of the ordinance has never created any unnecessary hardship.
- → The applicant's action is not consistent with the intent of the ordinance.
- → The issuance of variance for this case will not achieve any substantial justice because others have been following the ordinance since its' adoption.

Italian Building Style

Building facades shall include appropriate architectural details and ornament to create variety and interest. (Padre Boulevard and Entertainment District Design Guidelines Chapter II. c.)

Examples of Canopy Area

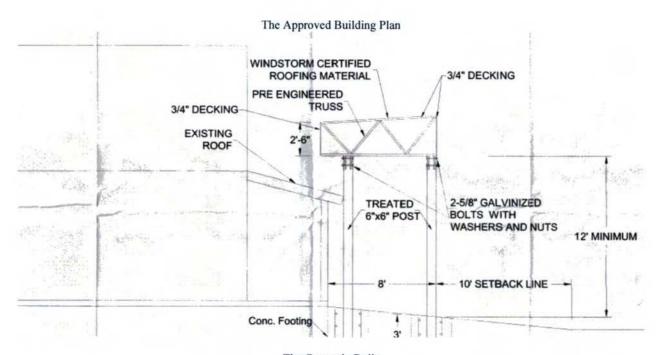

Comments

The applicant changed the architectural design by adding the bulk of aluminum sidings wrapped around the wooden structure approved for the building permit. It changed not just the material of the structure (with an industrial look), but also the shape of the structure with increased windloads as well as the weight of the structure.

The applicant has no intention to comply with the City's Code of Ordinance. It has been observed that the applicant improved and completed the canopy construction even after the issuance of building division's notification. The applicant even threatened the staff and the Development Standards Review Task Force by yelling that he would go for the Supreme Court to get it done. (Refer to the June 14th DSRTF meeting records)

Staff Recommendation

Although the building is not well articulated, it is built on the basis of Italian Building Style. The canopy approved through the building permit process would add some positive aesthetical values to the building when it compares to the bulky aluminum structure. Staff recommends the City Council deny the appeal made by the applicant and support the decision made by the DSRTF.

APPLICANT'S INTENT/ACTION

The applicant has no intention to comply with the City's Code of Ordinance. It has been observed that the applicant improved and completed the canopy construction even after the issuance of building division's notification.

The applicant even threatened the staff and the Development Standards Review Task Force by yelling that he would go for the Supreme Court to get it done. (Refer to the June 14th DSRTF meeting records)

THE CHANGES SINCE MAY

HARDSHIP (GENERAL)

rder to obtain a variance, the applicant must show all of the following:

ne hardship results from conditions that are peculiar to the property;

is not a self-created hardship; and

nnecessary hardship would result from the strict application of the ordinance.

itionally, the applicant must show that the variance will

e consistent with the intent of the ordinance;

cure public safety; and

chieve substantial justice.

HARDSHIP (APPLICATION)

'his is a case with a self-created (self-inflicted) hardship and the property has no culiar conditions that would contribute to a hardship.

At the same time, the strict application of the ordinance has never created any necessary hardship to the public, nor to the applicant (it could be even cheaper).

'he applicant's action is not consistent with the intent of the ordinance.

The issuance of variance for this case will not achieve any substantial justice because ters have been following the ordinance since its' adoption.

STAFF RECOMMENDATION

Although the building is not well articulated, it is built on the basis of Italian Building Style. The metal addition imposes a semi-industrial look that do not conform to the City's aesthetic standards, not to mention of Chapter 4 and Chapter 20 of the City Ordinances.

The canopy approved through the building permit process would add some positive aesthetical values to the building when it compares to the bulky aluminum structure.

The Development Standards Review Taskforce, at their June 15th meeting, denied the usage of exterior metal siding to the building.

Staff recommends the City Council deny the appeal made by the applicant and support the decision made by the DSRTF.

June 23, 2016

Mayor and City Council Members

Appeal of the Design Review Committee of June 14,2016

I received a permit to add a canopy on my building at 1314 Padre Blvd. This is known as Island Surf Rentals.

After I finished the canopy I was told that a city ordinance prohibits any metal siding on buildings. After reviewing the situation, I drove around the Island and saw many other buildings with metal canopies and awnings. Some are new and some are old. I used these as samples of what I did.

I used textured aluminum panels with stainless steel screws. This insures that nothing will rust. I also obtained a windstorm certification.

I am appealing the ruling of the Design Review Committee to allow my canopy to stay as constructed.

Sincerely

Uda Azoulay

Subject: Agenda Item - discussion points

Date: Wednesday, June 29, 2016 at 5:59:39 AM Central Daylight Time

From: Dennis Stahl
To: Susan Hill

Susan,

Theresa has submitted an agenda item concerning legal representation evaluation as agenda item. I would appreciate this recommendation be attached for council review:

I recommend forming a committee of 5 - 6 people to do the evaluation - 2 council members, at least 1 attorney, and 2 local respected Island residents. I would suggest the attorney(s) come with some experience and no Island connection. I have one attorney in San Antonio in mind. I also think we could reach out to Texas Municipal League or the State Bar for choices.

Committee evaluation criteria would include but not be limited to:

- · Review of present legal representation of city
- · Evaluation and presentation by Rodrigo of current billings and attributable departments
- Present and proposed compensation rates. City attorney & Assistant city attorney.
- · Salary rate of potential staff attorney and necessary supporting staff.
- Difference in full-time staff vs. Cunningham proposed compensation
- Part-time vs. full-time staff attorney (hours required)
- · Use of senior outside legal counsel
- City ethics code compliance
- Conflicts potential

I would think that a committee could get the evaluation work done in 4 - 6 weeks maximum. The committee needs latitude to have conversations with Cunninghams and approval to discuss with trusted outsiders for guidance. In case we need to pay for advisers, I would suggest at \$3,000 committee budget.

Timing: because the city council will be involved in a city manager search, an upcoming election, and a ballot initiative on the 2% venue tax, I would recommend that no action begin on this project until AFTER the November 8 election. We can bring back to the new council at the November 16 meeting.

Regards,

Dennis
