Full municipal services will be provided to the annexed areas within the time provided in the LGC Section 43.056(b). For the purpose of this plan, "full municipal services" means services provided by the annexing municipality within its full-purpose boundaries, which does not include water, wastewater, gas and electrical services.

Per LGC Sec. 43.056(f), this service plan does not:

- Require the creation of another political subdivision;
- Require a landowner in the area to fund the capital improvements necessary to provide municipal services in a manner inconsistent with Chapter 395, Texas Local Government Code unless otherwise agreed to by the landowner;
- Provide services in the area in a manner that would have the effect of reducing by more than a negligible amount the level of fire and police protection and emergency medical services provided within the corporate boundaries of the City before annexation;
- Provide services in the area in a manner that would have the effect of reducing by more than a negligible amount the level of fire and police protection and emergency medical services provided within the area before annexation; or
- Cause a reduction in fire and police protection and emergency medical services within the area to be annexed below that of area within the corporate boundaries of the City with similar topography, land use, and population density. II. General Statement

II. General Statement

(LGC Sec. 43.056(g))

This service plan shall be valid for a term of ten (10) years. Renewal of the service plan shall be at the discretion of the City Council. (LGC Sec. 43.056(l))

The service plan may be amended if the City Council determines at a public hearing that changed conditions or subsequent occurrences make this service plan unworkable or obsolete. The City Council may amend the service plan to conform to the changed conditions or subsequent occurrences pursuant to the LGC Sec. 43.056.

III. The Service Plan

As used in this service plan, the term 'providing services' includes having services provided by any method or means by which the City may extend municipal services to any other area of the City, including the City's infrastructure extension policies, service provider's capital improvement plan, and developer/owner participation in accordance with applicable law.

All of the annexation area is part of the waters of the Gulf of Mexico, which is again part of the State Waterway System, and therefore the service will be limited to those options available for such areas.
