SPI second Comprehensive Plan Public meeting scheduled

South Padre Island, TX, June 7, 2018: The City of South Padre Island will host a second public meeting to update the community and obtain input from citizens of South Padre Island regarding the Comprehensive Plan: The Island Way. The meeting will be held on June 19, 2018 from 4 p.m. - 7 p.m. at the South Padre Island Birding & Nature Center, located at [6801 Padre Blvd.](#)

In May, the City held the first public meeting that was well attended and received great input from the community. Also, the City has launched "The Island Way – South Padre Island's Comprehensive Plan" website. Visit TheIslandWay.MySPI.org to view the schedule, documents, team members and more!

This plan is a collective effort between the residents, business owners, the City Council, staff and all associated stakeholders in charting the course for South Padre Island's future growth.

"We want to involve as many people as possible," said Susan Guthrie, City manager. "This meeting will provide an update from the May meeting as well as offer another opportunity for the community to be involved."

The Comprehensive Plan is an important document; Not only does it help guide zoning decisions, but it also helps coordinate future development and priorities for public spending.

The Comprehensive Plan attempts to answer questions like:

- What does the City look like today?
- What do we want South Padre to look like tomorrow?
- How do we get there?

Also, staff will have an Emergency Preparedness tables to sign up for Swift911, register for Re-Entry Stickers and raffle "To-go" Kits.
