### Memorandum

To:	Alita Bagley
From:	Dianna L. Harvill, Marketing Director
Date:	8/11/2021

Subj: 2021 LKT Marketing Trade

#### Alita,

Part of my Marketing Plan for the 2021 LKT included trading angler/captain registrations for a full page ad in the Texas Sportsman Magazine, and the filming of the anglers during the tournament which is to be aired on the Texas Sportsman Show.

The trade included the following:

3 anglers @ \$100 each	\$300
1 captain @ \$30	<u>\$ 30</u>
Total	\$330

I also traded a Silver Sponsorship with Texas Outdoor Lifestyles TV Show (Vicki Hinojosa). Vicki fished on the offshore boat Bamm Bamm and filmed her day of fishing the tournament. This is to be aired on her show. She also did routine social media posts for the tournament.

The trade included the following:

1 angler @ \$100 \$100

When considering the topic of this month's article of The Taxas Sportsman Tracking Outdoors, I scratched my head a bit in hought. Then it dewned on me, one everleng, when I welked our and was swammed by mosquitos. I immedicitaly felt termile for my dogs and got to work, I also realized it was a good time to share my experience and information about how I deal with mosquitos, and how they affect dogs.

The first step in controlling mosquitos is to keep them and their breading ground (moist aveas or long grass) in control. I use over the courter yard spray that are indicated for treating mosquitos and spray them out of a commercial gas powered Shith Backpack blower. This tool allows me to cover a large area in a short period of time. I also learned area from yourself (this means do not allow yourself to get cought in the ownspray). I also learned that using protective clothing is a must, including: glowes, staff is not good for you, so evold making contact with any part of your body.

Now, whith about dog care for mosquitos, theve used several topleal soreys with very hithe effect. Of course this has been my experience. What i have proticed is that you get very short term efficacy of actual mosquito repellant. So my recommendation is treat the immediate area where your dogs live and heartworm preventative and they alsoem to be exactly that just a preventative and they alsoem to be exactly that your dog will not get inflected with heartworm, dogs for heartworm preventatives to a guarantees that your dog will not get inflected with heartworm, dogs for heartworm prevention every first week of he worth a pound of oure (Benjamin Frankfin).

in closing, I would like to briefly explain the

10

39

Heartworm lifecycle and how it effects dogs. The lifecycle begans when a female mosquito bites a dog infected with heartworm. The micro parasites develop in the mosquito for 10-30 days. Once the parasites (microfilarisal dovelop, they enter the mosquito' mouth parts and new make the famale mosquito infectious when it bries a dog. The microfilariae are now in the dog's blood system and travel towards the heart and fits blood vessels. This is the location where they can mature, breed, and can live up to fine years.

This year has been filed with great rain which is crucial for our survival, as well as the proliferation of the wildlife that many of us enjoy so much. But please don't forget about your loved pets when you notice an abundance of mosquitos in your area and give them a hand by following these simple steps.

On behalf of the Board of Directors we are incredibly excited about the 81st Annual Texas International Fishing Tournament! T.I.F.T. is the perfect event for families and friends to come together again and enjoy the beauty of the great outdoors.

T.I.F.T. is the premiere bay and offshore fishing tournament on the Texas Gulf Coast. For more than 80 years individual anglers and teams have come from all over to fish the sparkling waters of the Laguna Madre Bay and the Gulf of Mexico. The tournament is open to anglers of all ages. It is not uncommon to see three generations from

**Daniel Bryant** President

one family participating in the summer-time event.

All eyes may be on the anglers at T.I.F.T., but during the year our attention shifts to the achievements of local students. This year T.I.F.T. awarded \$38,000 in scholarships. Nineteen students from the Rio Grande Valley each received \$2,000 towards their college education. Funds are dispensed directly to the educational institution. For more information about our scholarship program visit tift.org

Conservation is also a key-focus throughout the year. Preserving the coastline, habitat, and wildlife is incredibly important. T.I.F.T. is a longtime supporter of Friends of the R.G.V. Reef program. The results of that support are already making waves.

# **President's Message**

Friends of the R.G.V. Reef reports an abundance of aquatic wildlife appearing at the artificial reef just off South Padre Island.

T.I.F.T. is a multi-generational, family-friendly event, perfect for creating memories to cherish for a lifetime. As a young boy I fished T.I.F.T. with my father. As a longtime angler, sponsor, and supporter of T.I.F.T. my family has treasured memories and traditions both on the water and at the dock. My children grew up fishing with me, and my daughter, Rheagan, served as a T.I.F.T. hostess.

To those who have participated in T.I.F.T. over the years, on behalf of the Board of Directors, welcome back! To those new to the tradition, I

invite you to take part by registering as an angler, signing up as a volunteer, or offering sponsorship support. The smiles, memories, and stories to be told for years to come are worth it.

### Letter from the Mayor

Dear Friends,

South Padre Island is proud to serve as the backdrop for bay and offshore anglers, and to host family, friends, and tournament spectators to the Texas International Fishing Tournament. This historic tournament began over 8 decades ago as a way to promote the amazing fishing opportunities within the Laguna Madre Bay and the Texas Gulf Coast.

South Padre Island is home to miles of beautiful beaches, and offers a spectacular array of restaurants and activities. Check out all our city has to offer during your stay by visiting www.sopadre.com.

It is an honor to be associated with an organization that not only promotes our region and supports conservation, but also provides scholarships for local students. This year T.I.F.T. provided \$2,000 scholarships to 19 Rio Grande Valley college students.

As Mayor of South Padre Island, I welcome you to enjoy your visit and wish the best of luck to anglers, volunteers, and staff for a successful 81st annual Texas International Fishing Tournament!

# 81st TexasInternational Fishing Tournament Port Isabel • South Padre Island **Playday : Welcome Back Celebration!**

A highlight of the Texas International Fishing Tournament is the annual Playday. During Playday games and activities set the backdrop for the fundamental value of TIFT: family togetherness.

The 2021 Playday is set to be a celebration of both family and TIFT - and it is long overdue. "With 2020 behind us, we can now celebrate the future of our tournament; the children"; says Kaston Fultz who chairs the event with his wife Meghan. The Fultz family is no stranger to Playday, Kaston continues "I started attending TIFT in 1989 - from Charlie's to the South Padre Island Convention Center! I now look forward to bringing my four girls to come and play!".

The ever-popular activities like the big inflatable slide, mullet relay, and reel-the-fish are on hand, in addition to incorporating new, and exciting experiences for Playday participants.

"Playday is a staple summertime finale" Kaston shares. The activities can be experienced by age group: Under 5;5-6;7-9, and 10-12. Winners of each competitive event will receive a medal during the Playday awards ceremony.

Playday takes place 10:00 a.m. Thursday, July 29 at the South Padre Island Convention Centre. Registration begins at 9:30 a.m. The Playday awards ceremony takes place at noon. Playday is free and open to the public. All children and their parents are welcome!

• Texas International Fishing Tournament, Inc. reserves the right to refuse entry into the tournament.

• Ladies and Juniors may only win their respective divisions in the Bay, Offshore/No Billfish and Highest Offshore Points. They will still be eligible for Grand Champion and Heaviest of Species awards.

• The contest shall begin at 6:30 am (Bay Division) and 6:30 am (Offshore Division) on Friday. No contestants shall be eligible for awards unless registered in advance of Friday. • Receiving Station: All fish brought in to the receiving station at Southpoint Marina in Port Isabel to be weighed and measured must be in edible condition. All fish are subject to further inspection if deemed necessary by the weighmaster or a TIFT Executive Board Member. The station hours are from 2:00 pm – 8:00 pm on the first day of fishing and 2:00 pm – 7:00 pm on the final day.

#### THE WEIGHMASTER AND TIFT EXECUTIVE BOARD ARE THE FINAL AUTHORITIES AS TO THE SPECIES OF FISH AND POINTS AWARDED.

Please note: The Long Island Village Swing Bridge, as a rule, opens only on the hour. Please plan accordingly.

The tournament will be conducted in accordance to the International Game Fish Association rules ("IGFA"), except that an angler in the Offshore Division may receive assistance in moving rod from rod holder to chair. Bay anglers may use treble hooks on any bait. IGFA rules are available on the internet at www.igfa.org.

**Team Trophy:** To be eligible to win the trophy, the contestant must give the boat name or number at registration. Two to six persons on the same boat constitute a team.

Night Fishing: Night fishing IS NOT allowed in any division. Protests: PROTESTS MUST BE FILED IN WRITING BY A **REGISTERED TIFT ANGLER, HAND DELIVERED TO A MEMBER** OF THE EXECUTIVE BOARD OR THE TOURNAMENT DIRECTOR. **Polygraph Test:** All contestants, including minors, agree to take a polygraph test if required by the TIFT Executive Board or the TIFT weighmaster.

## **Billfish Identification**

**Drawings provided by** Larry Haines

Texas International Fishing Tournament Port Isabel • South Padre Island

Dark blue to chocolate brown body along the back and upper sides, changing to silvery white on the belly. On the sides there are approximately 15 pale blue vertical bars. Blue Marlin may be distinguished from White Marlin by the dorsal, pectoral, and anal fins. The dorsal, pectoral, and anal fins of Blue Marlin are pointed, whereas White Marlin have rounded fins. The first dorsal fin of the Blue Marlin is much shorter relative to the body depth when compared to that of the White Marlin.

The most characteristic feature of the White Marlin is the rounded, rather than pointed, tips of the pectoral fins, first dorsal fin and first anal fin. The body is dark blue to chocolate along the upper half and brownish to silvery white along the lower sides and belly. Unlike Blue Marlin, the White Marlin usually has no spots or bars on the sides. The White Marlin has a clearly visible lateral line.

Sailfish are dark blue along the upper half of the body, fading to brownishblue on the lower sides to silver white on the belly. The first dorsal fin is high, sail-like, blue-black, and covered with many small black spots. The other fins are silver-blue. On the sides are 15-20 vertical bars consisting of several small blue spots.

## **TIFT Legends We've Lost**

#### **Jim Haley**

James (Jim) Haley and his wife, Jane owned and operated Haley's Sporting Goods in Port Isabel for many years. As purveyors of a fishing tackle and sporting goods store, they were both avid participants in and supporters of TIFT. Jim served on the TIFT Board of Directors and held numerous offices, including TIFT President for 1980-81. Through his involvement with TIFT, Jim felt he was able to give back to the fishing and boating community that he loved so much. After retirement, Jim and Jane cruised extensively throughout the Gulf Coast and the Caribbean aboard their beloved Morgan 38 sailboat, "Afterglow." They "dropped their hook" in Central Texas in the early 2000's where Jim built a modest house on 15 acres of land. Jim passed away in the spring of 2021, leaving behind a legacy of respect and love of the ocean.

#### **Neal Isaacs**

It is said that Neal was one of the pioneers of modern sport fishing. The founding father and the first president of the South Texas Big Game Fishing Club, he also served on the TIFT executive board and as chairman of the TIFT Rules Committee for many years. Along with Bette Tubbs, Neal was instrumental in developing the tag-and-release division of TIFT.

Neal, along with his wife Trina and his boat, the Quien Sabe, competed in TIFT many times, caught the first ever broadbill in Texas, and held the standing state record for 35 years in bluefin tuna (808).

#### Leslie Lockhart

TIFT played an important role in Leslie's life. Her TIFT career began in the piggy perch division in the 1980s. She then served as TIFT hostess in 1998. Leslie continued to serve TIFT as she brought her time and talents to the organization in a leadership position as a member of the TIFT Executive Board.

#### Tom O'Connell

Tom had a servant's heart and it showed through his involvement in many Rio Grande Valley civic and nonprofit organizations. Tom was involved with TIFT for many years and served as TIFT president1998 -1999. He continued serving TIFT as an Advisory Board member. He had a passion for South Padre Island, and one of his proudest moments was when he was named South Padre Island's Volunteer of the Year in 2001.

of TIFT.

### Paul Veale, Jr.

Paul's love of offshore fishing was shown through the many ways he supported the sport in South Texas. Paul was not only active on front stage but always had a number of roles behind the scenes, too. Serving as the first Rio Grande Valley Chapter president of the Coastal Conservation Association, he also ran the TIFT Captain's Party until the early 1980s. It was then that he and his brother, Phillip, started the South Padre Island Invitational Billfish Tournament (SPIIBT).

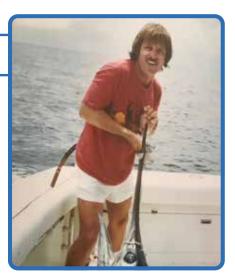

## In Memoriam

#### **Bette Tubbs**

Bette was incredibly involved in the Texas fishing community. She owned her own fishing tackle store in South Texas and made it into a successful business. In 1988, Bette became the first female president

Bette was instrumental in bringing the concept of big-game-fishing conservation and tag-and-release to both TIFT and the entire South Texas fishing community. She was named Texas Conservationist of the Year in the 80s. It was big-game conservation she was most proud of.

# **CVB Director's Report**

September 2021

ISLAND

# **Executive Summary**

# Key Findings to Know:

- The J.D. Power 2021 North America Third-Party Hotel Management Guest Satisfaction Benchmark found a decline in overall guest satisfaction driven by reduced food-and-beverage and staff service. The benchmark, which evaluates guest satisfaction with branded hotels that are operated by the largest third-party management companies, found that guest satisfaction remains stable for amenities such as Wi-Fi, pools and fitness centers. Perceptions of value for money also are unchanged compared with the pre-pandemic benchmark released in 2020. The 2021 benchmark consists of six factors (in alphabetical order): arrival/departure; cost and fees; food and beverage; guest room; hotel facilities; and services and amenities. Source: Hotel Management
- Fewer than two-thirds of U.S. business travelers have definitive plans for air travel within the next year, according to an OAG survey of more than 1,800 travelers. Of the travelers surveyed in July and August, 62 percent said their company is planning air travel over the next year. Eighteen percent said their company had not yet specified plans for travel, and 20 percent said their company had no plans to return to travel. Report Summary: <u>here</u>

# **Executive Summary**

## **Key Findings to Know:**

• Job openings increased in several industries, with the largest increases in health care and social assistance (+294,000); finance and insurance (+116,000); and accommodation and food services (+115,000). The total number of job openings increased to a series high of 10.9 million, up 63% year-over-year. Source: <u>Bureau of Labor Statistics</u>

A July 2021 YouGov poll finds that Americans tend to say the border between Canada and the US should be reopened at this point. Just over two in five (43%) Americans say the border should be reopened, slightly more than the 36% who believe it should remain closed.

• The hotel industry in 2021 is projected to receive \$59 billion less in business travel revenue compared with 2019. The report was released by the American Hotel & Lodging Association. The association estimated that the decline is on top of the \$49 billion decline in business travel revenue in 2020 from 2019.

The markets projected to have the steepest declines in hotel business travel revenues in 2021 compared with 2019 according to the report include New York (down \$4 billion, 88.4 percent), Washington, D.C. (down \$2.4 billion, 86.5 percent), San Francisco (down \$2.4 billion, 93 percent), Orlando (down \$2.3 billion, 81.5 percent) and Chicago (down \$2.2 billion, 86.3 percent). Full Report: <u>here</u>

# **Executive Summary**

## **Key Findings to Know:**

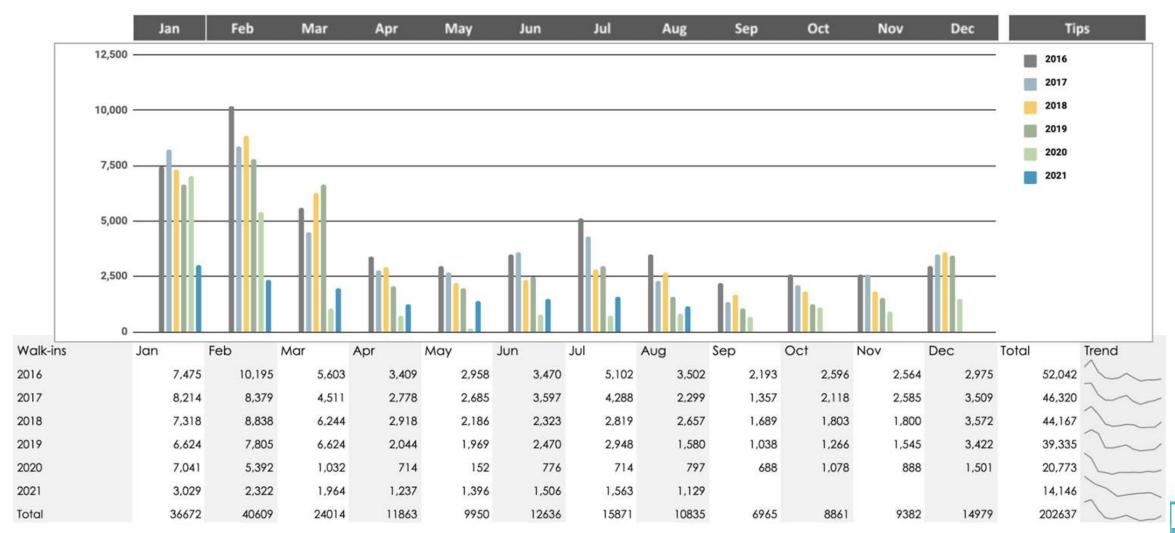

• With higher spread of Covid-19, ARC-accredited travel agencies saw air ticket revenue decline by 20% in August compared to July. Total agency sales for the month were \$3.2 billion, down from \$4 billion in July. Airlines and travel agencies expected a drop in overall sales and passenger trips in August as new mandates and border restrictions began taking effect in July. ARC data shows that decline begins to level off toward the end of August. Charts from ARC: <u>here</u>

## **NEXT STEPS / RECOMMENDATIONS**

- Right now, we are focused on making up the budget that was not spent in August. We have made sure to increase our daily spend across all active line items and expect to surpass both months goals and serve in full. We have already seen higher than normal CTR's from our SEM and Programmatic line items since the start of the campaign in August. Moving forward, we will make sure to optimize towards our target audiences travel tendencies in an effort for some last-minute summer travel.

- For the Road Tripper and Romantic Getaway campaigns we were able to get some line items live but wanted to ensure we were not going to overspend with the limited number of days left in August. We can confirm all line items are live for September and we are off to a great start on performance.

- For the Nature Tourism campaign, we are seeing similar and better performance for the same line items we have ran in previous months. We will continue to monitor and look for new audience segments to tap in to in order to increase our reach and frequency on this campaign.

## **ANALYTICS DEFINITIONS**

USERS: Users represent individuals that visit your site. If that same User leaves your site and comes back later, Google Analytics will remember them, and their second visit won't increase the number of Users (since they have already been accounted for in the past).

WEB SESSIONS: Sessions represent a single visit to your website. Whether a User lands on one of your web pages and leaves a few seconds later or spends an hour reading every blog post on your site, it still counts as a single session. If that User leaves and then comes back later, it wouldn't count as a new User (see above), but it would count as a new sessions.

SESSIONS: represent user activity within a given time frame (by default 30 minutes). Ad platforms report a clicks whenever someone clicks on an ad. It's common to have more sessions that clicks in Google Analytics and your ad platform because they represent different actions.

PAGEVIEWS: Pageviews represent each individual time a page on your website is loaded by a User. A single session can include many pageviews, if a User navigates to any other web pages on your website without leaving.

# **Crisis Communications Proposal**

# Overview

South Padre Island's Convention and Visitors Bureau requires a comprehensive crisis communications proposal to ensure the ability of the organization to weather high profile negative events by managing brand impact. A strong crisis management plan requires more than a pdf that sits on a folder in your cloud drive; it requires thoughtful preparation and training to ensure that your team is ready to take on critical roles at a time when it's most difficult to think quickly.

Our crisis planning process involves recommended steps: Assessment and Identification; Plan Preparation; and Onsite Crisis Video Training.

# Phase One: Assessment and Identification

In this initial phase we workshop with your team to identify three things:

- Likely scenarios: This is not just the situations you've already experienced, but the ones that keep you up at night. Mass casualty events. Violence. Health and safety disasters.
- Likely participants (both within the organization and outside it): This includes key decision makers that should, ideally, be part of the onsite training in phase three.
- Critical resources you must have (locations for news media, on Island command centers, etc.): You likely have these identified, but should ensure that you have backup plans for lack of power or resources if a natural disaster strikes.

We'll also assess the internal barriers you have to overcome. In our experience, only when we know those barriers can we address them AHEAD of any crisis to minimize their impact during an actual emergency. Some examples include legal departments forbidding any communication, lack of clarity of a chain of command, basic agreement on how to communicate with the public during a crisis, and the ability to reach people when standard methods (cell phones and email) are unavailable.

We also assess how you handled a situation that has been problematic in the past and explore what you want to change about that for the future.

# Phase Two: Plan Preparation

During this second phase, we take what we uncovered in the workshop and prepare a detailed plan. This includes:

- Basic training guidance suitable for all crisis team members with tips on handing interviews and dealing with the media during crisis situations
- Basic staff guidance for all staff and partners during crisis situations
- Specific contact lists (which will need to be regularly updated) for your team
- Template for media inquiry tracking during a crisis
- Five to ten sample statements and likely questions (with key answers or "goals") following the likely scenarios developed in Phase One\*
- Five to ten sample internal communications for staff or insiders regarding the likely scenarios

\*We will review these with your team and include two edit passes to ensure it meets your needs.

# Phase 3: Onsite Crisis Video Training

During this final phase, we take the detailed plan and we run multiple executives (we recommend four) through a video training which includes a final review and assessment. This includes:

- Rehearsal of the scenarios in the plan
- Video interview with potential spokes people from your organization
- Onsite review of interview and recommendations for change
- Second video interview to make any additional training adjustments
- Full scenario review with all attendees

Adsposure Management

1. If Advertiser is doing its production independently, then it agrees to furnish displays and all other items necessary for said advertising and to deliver the same to Advertising Vehicles, Inc. doing business as Adsposure ("AV") at least 10 working days before the installation date. A 10% overrun on orders of 10 signs or more is required.

2. Failure of Advertiser to furnish displays as provided above for timely installation on the stated commencement date shall be the sole responsibility of Advertiser. Other delays in commencing service shall not constitute a violation of this contract, but the Advertiser shall be entitled to a pro rata credit, or at the option of AV to additional service or an extension of the term of service equivalent to the delay or omission.

3. If Advertiser has done its production independently and Advertiser's display(s) becomes damaged, defaced, mutilated or spoiled by reason of storm, floods, strikes, ordinary wear and tear, or any other cause, replacements shall be furnished by the Advertiser upon request, without liability or expense on the part of AV or the associated transit authority.

4. Advertiser shall indemnify and hold harmless AV and the associated transit authority against any liability to which they may be subjected by reason of the advertising material displayed under this contract, including, but not limited to, liability for infringement of trademarks, trade names, copyrights, invasion of right of privacy, defamation, illegal competition, illegal trade practices, or for any other reason relating to the content contained in the advertisement. This agreement to indemnify shall include all costs, including attorney's fees, in defending any such action or actions.

5. It is understood that the client agrees to pay for rented billboard space per the schedule on page one of contract. It is understood that in the event of a late posting as a result of a missed deadline by the client that Advertising Vehicles is not obligated to refund or to credit the client for the lost advertising space. In the event that the post date is missed as a result of actions of Advertising Vehicles an extension equal to the number of missed days will be added to the end of client's expiration date.

6. Loss of service due to fire, flood, riot, and severe weather/temperatures curtailing recommended install practices or other causes beyond the control of AV and/or removal of location by transit authority shall not constitute a breach of this agreement. In such event, Advertising Vehicles shall, in its sole discretion, have the authority to cancel the balance of the contract, extend a pro rata credit for such loss, or, offer additional service or an extended term of service equivalent to the service lost.

7. AV accepts this contract subject to all federal, state and municipal laws and regulations with respect to the advertising matter to be displayed. In the event such advertising becomes illegal or a request is received to terminate the advertising, AV reserves the exclusive right to terminate this contract, but there shall be no short rate charge because of such termination.

- a. AV reserves the right to reject any advertising that AV determines in its sole discretion to be false, misleading, deceptive, and/or offensive to the moral standard of the community, contrary to good taste, contrary to the best interest of the associated transit authority, or for any other reason that Advertising Vehicles, in its sole discretion, sees fit.
- b. It shall be the policy of AV in Cincinnati and Nashville to prohibit public issue advertisements that tend to promote or inhibit causes and beliefs; that in furtherance of this policy, all advertisements (except as identified in c below) shall be limited to public announcements and advertisements related to the advantages of a product, business, or service.
- c. Political advertisements if allowed for candidates for public office are allowed under the following conditions: 1) each advertisement must contain in type at least 10% as tall as the advertisement, the words "PAID POLITICAL ADVERTISEMENT"; 2) contracts must be prepaid in full prior to placement of advertisement.

8. It is understood and agreed that this contract may not be canceled by Advertiser or Advertising Agency. AV reserves the right to cancel this contract at any time upon default by the Advertising Agency and/or Advertiser for any breach of this contract. Upon such cancellation, all advertising done hereunder, including short term rates or other charges under this contract which remain unpaid, including but limited to Media Package Production, shall become immediately due and payable. In the event of any such breach by Advertiser or Advertising Agency, AV shall be discharged from any obligation to continue to display the Advertiser's copy.

9. In the event a suit for the enforcement of any term of this Agreement, including the collection of any unpaid accounts becomes necessary, Advertising Vehicles may collect all costs of such suit, including reasonable attorney's fees and expenses.

10. AV shall not be held responsible for returning advertising displays to Advertiser or Advertising Agency.

11. This contract is not assignable by the Advertiser, nor may the subject of the advertising be changed without prior written consent of AV.

12. This agreement and the schedule attached hereto embodies the entire agreement and understanding among the parties relating to the subject matter hereof and supersedes all prior agreements and understandings relating to the subject matter.

13. Any modification to this agreement shall be made only in writing signed by both parties.

14. Any bill rendered to the agency and/or Advertiser shall be conclusive as to the correctness of the items therein set forth and shall constitute an account stated unless written objection is made thereto by the agency and /or Advertiser within ten (10) days from the rendering thereof.
