Tip of the Month:

Do you know how to help protect yourself from dog bites?

Unfortunately, even our favorite pets can sometimes bite. Here are some tips you can use to help prevent dog bites:

- Never approach a dog that you don't know. Report stray dogs or dogs displaying unusual behavior.
- Remain motionless when approached by an unfamiliar dog -- never run or scream.
- Do not disturb a dog that is sleeping, eating, or caring for puppies.
- If a dog leaps at you, cover your head and neck. It is very important that you try to keep the dog away from your head and neck.
- If knocked down by a dog, lie still and remain in a ball.
- Do not play aggressive games with your dog; for example, wrestling.
- Never try to separate fighting dogs.
- If bitten by a dog, immediately report the bite.

**Remember, Be Smart,
Be Safe!**

Mosquito Management Stats

April 2012

Mosquito Fast Facts

Mosquitoes are the deadliest animals on Earth.

That's right, more deaths are associated with mosquitoes than any other animal on the planet. Mosquitoes may carry any number of deadly diseases, including malaria, dengue fever, yellow fever, and encephalitis. Mosquitoes also carry heartworm, which can be lethal to your dog.

Recycling Stats

April 2012

Colorful Coasters!!!

A fun project with REUSABLE Items.

What You Need:

- * Lids from margarine or yogurt containers
- * Old greeting cards, postcards, fabric, wrapping paper or magazines
- * Glue
- * Pencil
- * Water-based sealer
- * Scissors

What You Do:

Place a lid over top of a greeting card, magazine page or piece of fabric and trace around the lid with a pencil.

Cut out the shape you just traced and glue it to the lid. Repeat on as many lids as you like.

Another option is to cut out many tiny pieces of greeting cards, fabric or magazine pages and glue them onto the lid the way you would if you were making a collage.

Finally, once the glue has dried, you have to seal the coasters with a water-based sealer to protect them from moisture.
