Island Metro transit system reduced

South Padre Island, TX, April 4, 2020: The City's transportation program, Island Metro, will be reducing the level of service to be in alignment with the City of Port Isabel's newest order.

Beginning today at 5 p.m., Island shuttle routes to Port Isabel and Laguna Heights will be canceled until the order is lifted.

The Island Metro will operate one shuttle from 7 a.m. to 8 p.m. on the Island only.

"Everyone please stay home and remain safe," said Patrick McNulty, Mayor, "You should only leave the house if absolutely necessary."

Shelter in place and stay healthy
