If such delay causes an increase in the cost of the work under the Agreement, the City and the Firm shall negotiate an equitable adjustment for costs incurred by the Firm in the Agreement price and execute an amendment to the Agreement. The Firm must assert its right to an adjustment within ten (10) calendar days from the date of receipt of the notice of delay. The disputing party shall notify the other party in writing as soon as practicable after discovering the claim, dispute or breach. The notice shall state the nature of the dispute and list the party's specific reasons for such dispute. Within ten (10) business days of receipt of the notice, both parties shall make a good faith effort, in person or through generally accepted means, to resolve any claim, dispute, breach or other matter in question that may arise out of, or in connection with, this Agreement. P. FORCE MAJEURE

Neither party shall be liable for any default or delay in the performance of its obligations under this Agreement if, while and to the extent such default or delay is caused by acts of God, fire, riots, civil commotion, labor disruptions, sabotage, sovereign conduct, or any other cause beyond reasonable control. In the event of default or delay in performance due to any of the foregoing causes, then the time for completion of the services will be extended; provided, however, in such an event, a conference will be held within three (3) business days to establish a mutually agreeable period of time reasonably necessary to overcome the effect of such failure to perform.

R. GRATUITIES

The City may, by written notice to the Firm, cancel the Agreement without liability if it is determined by the City that gratuities were offered or given by the Firm or any agent or representative of the Firm to any officer or employee of the City with the intent of securing the Agreement or securing favorable treatment with respect to awarding or amending or the making of any determinations with respect to performance of the Agreement. V. INSURANCE REQUIREMENTS

Upon request, Firm shall provide a copy of its insurance policies to the City.

W. INTERPRETATION

The Agreement is intended by both parties as the final, complete and exclusive statement of the terms of their Agreement. No course of prior dealing between the parties or course of performance or usage of the trade shall be relevant to supplement or explain any term used in the Agreement. Although the Agreement may have been substantially drafted by one party, it is the intent of the parties that all provisions be construed in a manner fair to both parties, reading no provision more strictly against one party of the other. Whenever a term defined by the Uniform Commercial Code (the "UCC"), as enacted by the State of Texas, is used in the Agreement, the UCC definition shall control unless otherwise defined in the Agreement.

X. INVALIDITY

The invalidity, illegality or unenforceability of any provision of the Agreement shall in no way affect the validity or enforceability of any other portion or provision of the Agreement. The parties further agree to reform the Agreement to replace the stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this section shall not prevent the entire Agreement from being void should a provision which is the essence of the Agreement be determined to be void.

Firm assumes full responsibility for the terms contained herein and hereby releases, relinquishes, and discharges the City, its officers, agents and employees from all claims, demands and causes of action of any nature including the cost of defense thereof, for any injury to, including death of, any person whether that person be a third party, supplier or an employee of either of the parties hereto, and any loss of or damage to property, whether the same be that of either of the parties, caused by or alleged to have been caused by, arising out of or in connection with the issuance of the Agreement to the Firm and the negligence of the Firm, whether or not said claims, demands and causes of action in whole or in part are covered by insurance. BACKGROUND

The Whitecap Circle Beach Access is an unimproved access point prone to unmanaged pedestrian and vehicular traffic. These activities have resulted in dune vegetation destruction and lower dune elevations and contributed to the development of storm surge channels which increase the risk of blowouts and inland flooding. The City of South Padre Island was awarded funds from the Coastal Management Program (CMP)'s Cycle 25 to plan, design, and construct improvements at Whitecap Circle Beach Access.

This project is funded (in part) by a Texas Coastal Management Program Grant approved by the Texas Land Commissioner pursuant to National Oceanic and Atmospheric Administration award No. NA20NOS4190184. The percentage of total costs of the project or program that will be financed with federal money is 60%. The dollar amount of federal funds for the project or program is \$200,000. The percentage and dollar amount of the total costs of the project or program that will be financed by nongovernmental sources is 40% and \$133,335, respectively.

The City is authorized to spend federal funds not to exceed \$75,000 to pay for 90% of the construction designs. The City is not authorized to expend federal funds on any other aspects of the project until

City of South Padre Island

RFQ No. 2020-SL03 – Professional Services for Whitecap Circle Beach Access Improvements

NOAA receives and approves the 90% construction designs, necessary permits, and any additional information requested to satisfy requirements for National Environmental Policy Act (NEPA) and environmental consultation.

SCOPE OF WORK

The designs will include adding a 32-space permeable paver parking lot that will direct surface water into the ground. These parking spaces will be specifically for public beach access parking. A pedestrian sidewalk will be built to guide visitors to the beach access point and an improved Americans with Disabilities Act (ADA) beach access walkover will be built to allow beach-goers to access the public beach, eliminating the foot traffic on the dunes and allowing the vegetation on the dunes to grow back. Public ADA restroom facilities and associated amenities, such as showers and a water fountain, will also be added.

This project will take place within the critical dune area (east of the dune protection line). Appropriate mitigation will occur to allow the project to remain in compliance with the Dune Protection Act and the Texas Administrative Code. No volume of dune sand will be removed from the system. Any displaced sand will be utilized to fortify the dunes on either side of the improvement. Any impacted vegetation will be mitigated for using high quality sea oats and bitter panicum on a 1:1 basis as per State law.

The 90% of construction designs will be due by **March 31, 2021** as per special condition of the contract between the City and Texas General Land Office. This project must be completed by the end of **March 2022** for final grant close out. The selected consultant will be required to work closely with the City's Shoreline and Building Departments along with the Texas General Land Office (GLO)'s CMP and Beach and Dune teams.
