Coastal Texas Protection and Restoration Study comment period opened

South Padre Island, TX, Dec. 1, 2020: The U.S. Army Corps of Engineers (USACE) and the Texas General Land Office (GLO) are accepting public comments for the Coastal Texas Study until December 14, 2020. The revised Draft Proposal of the Study has been released can be viewed and downloaded [here](#).

The Coastal Texas Study is a comprehensive study to examine the feasibility of construction projects for ecosystem restoration projects and coastal storm risk management along the entire Texas coast. Public feedback for this study is critical throughout the process to understand the needs along the Texas coastline.

Upcoming virtual public meetings will take place on December 3 and December 8 with the option to attend at either 11 am or 6 pm on both days. A virtual public information session will be held on December 2 from 6 pm to 8 pm. To sign up and view those links, please click [here](#).

To submit a public comment or ask a question by mail, e-mail, or phone, please see the addresses below. Mailed comments must be postmarked by December 14, 2020.
